---

- If this month's **car promotion** is achieved by a leader, the company will settle the car's down payment for the following month. And if it occurs every month and there is an increase of PV as much as 15%, the company will settle the car's monthly installment until all is paid off.
- Example: If the PV group leader achieve **100 million** this month, then in the next month, that PV group has to achieve **115 million**, and **122,25 million** the next following month and so on. This condition **applies to all car promotions**.
